The Challenge
Crashes involving young drivers remain to be a pressing issue in Louisiana. According to Highway Safety Research Group’s data report from 2015, there were 87 young drivers at ages 15-24 who died from roadway crashes. Of this age group, almost 50% were ages 21-24, 41% were ages 18-20, and 9% were ages 15-17.

Effective messaging and parenting styles can affect high-risk behavior among young drivers. Social norming, on the other hand, demonstrates effective communication, thereby lessening the perceived behavior.

The Marketing/Media Plan
Louisiana will utilize all forms of media, including paid and earned media as well as grassroots level marketing in order to get the message out to targeted audiences as follows:
- Young Drivers aged 15-24
- Teens/Newly Licensed drivers
- Parents
- Driving School Owners and Instructors

There is a campaign called “5 to Drive” that the SHSP stakeholders will mobilize around the National Teen Driver Safety Week and other avenues where students are reached. “5 to Drive” Rules for teens: No cell phones while driving, no extra passengers, no speeding, no alcohol and no driving or riding without a seat belt.

CORE MESSAGES
5 To Drive
Buckle Up. Every Trip. Every Time.
Click It, Louisiana!
Eyes on Road, Hands On Wheel (2N2)
Stop Speeding Before It Stops You

TARGET AUDIENCES
Novice Drivers
Older Young Drivers aged 18-24
