About the Course

This new course is designed to enable workers and supervisors to recognize the hazards associated with heavy equipment operations. Topics include safe operating techniques, personal protective equipment, basic rigging, trenching and excavation techniques and hazardous working conditions. Preventive maintenance of common equipment will be included.

Who Should Attend

All heavy equipment operators (HEOs), their supervisors and future HEOs who want to improve safety on the job to reduce accidents, injuries, property damage and minimize equipment damage through better preventive maintenance.

Instructor

Steve Price is a heavy equipment training specialist who is president and owner of International Training Services, USA, Inc. He has over 30 years of experience operating heavy equipment and training HEOs in the construction, mining, utilities, land development and public works professions.

Enrollment, Registration, and Cancellation Policy

Pre-registration is required one week in advance. Registration is $15.00 for parish or public sector personnel and $35.00 for all others. This fee covers all materials, and lunch. Registrants will receive a confirmation of their reservation. If an agency is unable to mail in the registration fee before the deadline, please phone, FAX, or e-mail the LTAP office with the names of the workshop participants (800-595-4722 in-state or 225-767-9117; FAX 225-767-9156); (breaux@ltrc.lsu.edu).
You can even register on-line at www.ltrc.lsu.edu/ltap.html.

For additional information about the seminar, to pre-register, or if you have questions concerning registration, contact the LTAP Office: 1-800-595-4722 (in-state) or (225) 767-9117, or e-mail (breaux@ltrc.lsu.edu)
