

# Alphabetical Listing of Exhibitors/Booth #'s

See back for company descriptions

Over 70 companies and organizations have exhibits at this year's trade show. Be sure to stop by their booths to learn about their unique products, materials, and professional services.

COMPANY NAME	BOOTH(S)	COMPANY NAME	BOOTH(S)	COMPANY NAME	BOOTH(S)
Access Sciences	21	Forterra Pipe & Precast	33	Ozark Distribution Services	E-1
ACEC - American Council of Engineering Companies of LA	10	Fugro Consultants	E-4	Pavement Technology, Inc.	59
Advanced Drainage Systems, Inc.	73,74	G.E.C., Inc.	15,16	Pine Bluff Sand & Gravel Company	19
AECOM	82	GeoEngineers, Inc.	8	Providence	25
APS Engineering and Testing	57	GeoShack	4	PSI - Professional Service Industries, Inc.	30
ARCADIS	3	Gresham Smith and Partners	27	Rinker Materials Concrete Pipe Division	29
Ardaman & Associates	49	Gulf Industries, Inc.	84,85,86 and E-5	RoadSNAP, LLC	23
BDI	1	Halff Associates, Inc.	76	Sigma Consulting Group, Inc.	79
Blacklidge Emulsions, Inc.	61	Hayward Baker, Inc.	35	Signs and Safety Equipment/ Eastern Metal Company	7
CAAL Concrete & Aggregates Association of LA	47	HNTB Corporation	48	SITECH Louisiana	60
Caliper Corporation	44	Huval & Associates, Inc.	43	Skyline Products, Inc.	50
Cardno, Inc.	81	Hydro-Technologies, Inc.	5	Stanley Consultants	41
CB&I	13	Industrial Fabrics, Inc.	68	Stantec, Inc.	72
CMC Construction Services	89 and E-6	InfoTech, Inc.	22	T. Baker Smith, LLC	20
Cobb Fendley	45	Intelligent Transportation Systems	83	Temple, Inc.	54
Contech Engineered Solutions	67	John Thomas INC	E-3	Terracon	64
Design Precast & Pipe	11,12	Lafarge	36	The Fort Miller Co., Inc.	77
DETEL Wireless	28	Louisiana Asphalt Pavement Association	80	Trafficware	38
ECM Consultants, Inc.	63	Louisiana Engineering Society	9	Transpo Industries, Inc.	55
EJ	53	LSU Center for Geoinformatics	43	TRC Engineers, Inc.	32
ELTEC	37	Menard USA	46	Trinity Lightweight	65
Eustis Engineering Services, LLC	69	Michael Baker International	87	Troxler Electronics Lab	75
FENSTERMAKER	39,40	Modjeski and Masters, Inc.	51	Volkert	34
Fibrecrete Technologies, LLC	14	Neel-Schaffer, Inc.	24	Vulcan Materials Company	71
Forte and Tabalada, Inc.	56	Ohio Gratings, Inc.	31		

# River Center Exhibition Hall

Monday, February 29, 5:00 - 9:00 p.m.  
 Tuesday, March 1, 7:00 a.m. - 5:30 p.m.  
 Wednesday, March 2, 7:00 a.m. - 10:00 a.m.

# EXHIBITOR DIRECTORY

Access Sciences	Access Sciences works with clients to navigate through difficult business challenges and create practical strategies that utilize systematic analysis, comprehensive insight, and decades of industry expertise to achieve success.
ACEC	American Council of Engineering Companies of Louisiana - ACECL represents 150 engineering firms in Louisiana.
Advanced Drainage Systems, Inc.	ADS, Inc. offers a complete line of HDPE/HP pipe, fittings and other state of the art products to help solve storm water management and sanitary sewer challenges.
AECOM	AECOM transforms communities, improves lives and powers growth by designing, building, financing and operating infrastructure assets around the world.
APS Engineering and Testing	Geotechnical and material testing
ARCADIS	ARCADIS is an international company providing consultancy, design, engineering and management services in infrastructure, water, environment and buildings.
Ardaman & Associates	For more than 50 years, Ardaman & Associates has provided geotechnical services throughout Louisiana, including geotechnical engineering, laboratory testing and construction material testing
BDI	BDI is a consulting and manufacturing firm based in Boulder, Colorado, that has been providing high quality instruments and testing & monitoring services worldwide since 1989.
Blackledge Emulsions, Inc.	Liquid asphalt supplier: UltraTack & UltraFuse
CAAL	Concrete & Aggregates Association of LA - CAAL is a trade association representing the concrete industry.
Caliper Corporation	Caliper is the developer of TransCAD and TransModeler, the two premier software packages for transportation analysis.
Cardno, Inc.	Cardno is a civil, environmental and social infrastructure engineering firm. We offer clients a complete one stop shop for their engineering needs. Cardno also provides a variety of niche services such as subsurface utility engineering.
CB&I	CB&I is the most complete energy infrastructure focused company providing reliable solutions while maintaining a focus on safety and an uncompromising standard of quality.
CMC Construction Services	CMC provides joint sealants, equipment, preservation and repair roducts for the concrete and asphalt road industry.
Cobb Fendley	Engineering and Surveying Services
Contech Engineered Solutions	Construction materials supplier
Design Precast & Pipe	Manufacture/Supply concrete pipe and drainage structures
DETEL Wireless	ITS maintenance and construction, Statewide Fiber Network including Internet, VOIP, WAN, LAN, WiFi providing solid turnkey communications to schools, municipalities, governmental agencies and private businesses
ECM Consultants, Inc.	ECM is a full service consulting firm specializing in engineering, architectural, and construction management services.
EJ	Municipal construction castings
ELTEC	ELTEC manufactures programmable Time Clocks and Traffic Warning Systems (AC & Solar). Pedestrian crosswalks include HAWK, RRFB and Standard (Round Beacons).
Eustis Engineering Services, LLC	Geotechnical Exploration (Soil Borings, Cone Penetrometer Tests, Laboratory Tests, Engineering Analyses); Dynamic Pile Tests; Cross-hole Sonic Logging; Construction Materials Testing; Instrumentation Programs
FENSTERMAKER	Fenstermaker is a multi-disciplined company providing Engineering, Environmental Consulting, Surveying, and Advanced Technologies including Underwater Acoustic Imaging and High Definition Laser Scanning.
Fibrecrete Technologies, LLC	Fibrecrete Technologies, LLC manufactures hot applied flexible pavement and bridge preservations products
Forte and Tabalada, Inc.	Civil, structural and electrical engineering, and surveying and 3D laser scanning and modeling.
Forterra Pipe & Precast	Reinforced Concrete Pipe, Precast Structures, Modular Bridges, Forterra Arch and CrownSpan Structures
Fugro Consultants	Geotechnical Engineering, Pavement Services, Loadtest, construction materials testing, etc.
G.E.C., Inc.	Multidiscipline engineering, planning and environmental firm specializing in transportation, public works, economics, GIS and program management
GeoEngineers, Inc.	GeoEngineers is an earth science and technology consulting firm, specializing in geotechnical services including drilling, in-house laboratory testing, geotechnical engineering, planning, design and construction oversight.
GeoShack	Survey/Precision farming equipment
Gresham Smith and Partners	Gresham, Smith and Partners provides transportation design and consulting solutions for the built environment that contribute to the success of our clients.
Gulf Industries, Inc.	Highway safety products
Halff Associates, Inc.	Multi-discipline Engineering and Planning firm specializing in Dept. of Transportation roadway planning, design and multi-modal transportation.
Hayward Baker, Inc.	Hayward Baker Inc. specializes in Ground Modification for site improvement and remedial work for foundation rehabilitation, settlement control, liquefaction mitigation, soil stabilization, groundwater control, slope stability, excavation support, and underpinning.
HNTB Corporation	Full-scale engineering, architecture and planning firm specializing in transportation infrastructure.
Huval & Associates, Inc.	Huval specializes in Structural and Civil Engineering. Our services include bridge design, bridge rehabilitation, roadway design, retaining system design, geotech, structural inpections and ratings.
Hydro-Technologies, Inc.	Specialize in hydrodemolition services, including the technique of Fast Track Hydrodemolition of bridge decks to preserve/rehab surfaces in combination with latex modified concrete systems.
Industrial Fabrics, Inc.	Industrial Fabrics, Inc. is a primary manufacturer and distributor of geo-technical products, including geotextile fabrics, geo-grids, liner material, silt fence, erosion control, pipe protection and paving products for the construction industry.

InfoTech, Inc.	Info Tech is a technology partner for Internet bidding for many Louisiana agencies, including LADOTD. We also offer paperless contracting, web-based construction management and more.
Intelligent Transportation Systems	ITS provides appropriate and cost-justified technology tools and solutions to enable the delivery of services to citizens, businesses and government. ITS seeks out relevant and value based new technologies to help agencies find solutions for their business problems.
John Thomas INC	Portable Traffic Signals and Duracurb
Lafarge	Crushed limestone, sand & gravel, ready mix
Louisiana Asphalt Pavement Association	LAPA is a nonprofit trade association with the mission to promote the use of asphalt in Louisiana by representing asphalt contractors.
Louisiana Engineering Society	The Louisiana Engineering Society serves to advance and promote the engineering profession.
LSU Center for GeoInformatics	C4GNet - Louisiana's Real-Time Kinematic Network for enhanced horizontal and vertical positioning using global navigation satellite systems (e.g., GPS).
Menard USA	Menard is a design-build specialty geotechnical contractor offering expertise on ground improvement and economical solutions for ground improvement that can be attractive alternatives to deep (pile) foundations.
Michael Baker International	Michael Baker International, a global leader in engineering and professional services, has been partnering with communities since 1940 to solve their most complex infrastructure challenges.
Modjeski and Masters, Inc.	Modjeski and Masters offers bridge engineering services including design, inspection and construction support for all types of bridges.
Neel-Schaffer, Inc.	Neel-Schaffer, Inc. is a multi-disciplinary engineering firm providing services in civil, transportation, traffic, highway, bridge, water/wastewater, structural and hydraulic engineering, as well as geotechnical, electrical and environmental.
Ohio Gratings, Inc.	Manufacturer of aluminum, carbon and stainless steel bar grating products available in both light duty for pedestrian loads and heavy duty for vehicular loads.
Ozark Distribution Services	Lindsay attenuators, guardrail end terminals, truck mounted attenuators. Transpo breakway sign supports, bridge overlays, high friction surface treatments, visi-barrier precast polymer concrete barrier panels
Pavement Technology, Inc.	Pavement preservation
Pine Bluff Sand & Gravel Co.	Supply crushed stone to the Louisiana market
Providence	Providence is a multidisciplinary engineering and environmental services firm. Disciplines include environmental, engineering, planning, disaster recovery, technology and software, placement, surveying, architecture, and support services.
PSI - Professional Service Industries, Inc.	Geotechnical engineering, environmental consulting, construction materials testing services, facilities consulting
Rinker Materials Concrete Pipe Division	Reinforced concrete pipe, arch pipe and box culvert for storm drainage infrastructure. Stormceptor hydrondynamic separator for stormwater quality.
RoadSNAP, LLC	LED flashing beacons
Sigma Consulting Group, Inc.	Sigma Consulting Group, Inc. is a civil engineering and surveying firm headquartered in Baton Rouge, LA offering a variety of engineering, surveying and project delivery services.
Signs and Safety Equipment/ Eastern Metal Company	Manufacturer of work zone safety products
SITECH Louisiana	SITECH Louisiana is revolutionizing the industries we serve through innovative positioning and measurement technology solutions like 2D, 3D, laser, and GPS systems for your construction equipment.
Skyline Products, Inc.	Skyline Products is a leading developer and manufacturer of advanced transportation technologies and communications for traffic management applications.
Stanley Consultants	Stanley Consultants, a consulting engineering firm offering capabilities in planning, studies, design, architecture, environmental, urban design and construction administration to serve our clients energy, water, and transportation needs - worldwide.
Stantec, Inc.	Engineering planning and design for roadways, bridges, traffic, civil works, intelligent transportation systems, and airports. We also provide surveying and construction administration.
T. Baker Smith, LLC	Road & Bridge Design, Environmental Services & NEPA Documents, Surveying & R/W Mapping, In-Service Bridge Inspection, Hydraulic Analysis
Temple, Inc.	Traffic signal/safety equipment, ITS technology & services.
Terracon	Terracon is an employee-owned, multidiscipline consulting engineering firm specializing in Environmental, Facilities, Geotechnical and Materials Services.
The Fort Miller Co., Inc.	Super-Slab precast concrete panels for pavement repair
Trafficware	Trafficware specializes in research, design, and development of electronic equipment and enterprise software designed to enhance the transportation industry.
Transpo Industries, Inc.	Roadway safety products and materials, breakaway supports for signs and light poles, highway glare screens, bridge barrier panels, color pavement marking and high friction/anti-skid surfacing.
TRC Engineers, Inc.	TRC is a national, publicly-traded consulting firm that leverages comprehensive engineering and environmental capabilities toward the maintenance and expansion of our nation's transportation infrastructure network.
Trinity Lightweight	Manufacture of expanded clay lightweight aggregate
Troxler Electronics Lab	Nuclear density gauges and asphalt lab equipment
Volkert	Founded in Louisiana in 1925, Volkert is a top-100 multidiscipline engineering and environmental firm dedicated to the sustainable development and improvement of our nation's infrastructure.
Vulcan Materials Company	Vulcan Materials Company is the nations largest producer of construction aggregates primarily crushed stone, sand and graveland a major producer of aggregates-based construction materials.
