Subject: Compendium of TRB Conference Papers

*Want to know the latest research in your field?
The Research Center has the compendium of papers described below.*

“This compendium contains the unedited **papers from the Transportation Research Board (TRB) Annual Meeting which took place in Washington, D.C., on January 13-17, 2013.** The papers are grouped under the following subject areas: administration and management; AICP certification maintenance; aviation; bridges and other structures; construction; data and information technology; deploying transportation research - doing things smarter, better, faster; design; economics; education and training; energy; environment; finance; freight transportation; geotechnology; history; hydraulics and hydrology; international activities; maintenance and preservation; MAP-21; marine transportation; materials; motor carriers; operations and traffic management; passenger transportation; pavements; pedestrians and bicyclists; pipelines; planning and forecasting; policy; public transportation; rail; research (about research); safety and human factors; security and emergencies; society; terminals and facilities; and vehicles and equipment.”

The papers are **indexed in TRB’s TRID index**, located at: <http://trid.trb.org/>. Let us know if there are any papers you would like to see.
