NCDOT: Surveying the Land of Oz

Building the Yellow Brick Road

Assessing the Yellow Brick Road

Managing the Yellow Brick Road

Convincing the Wizard to Help

NC State Highway System

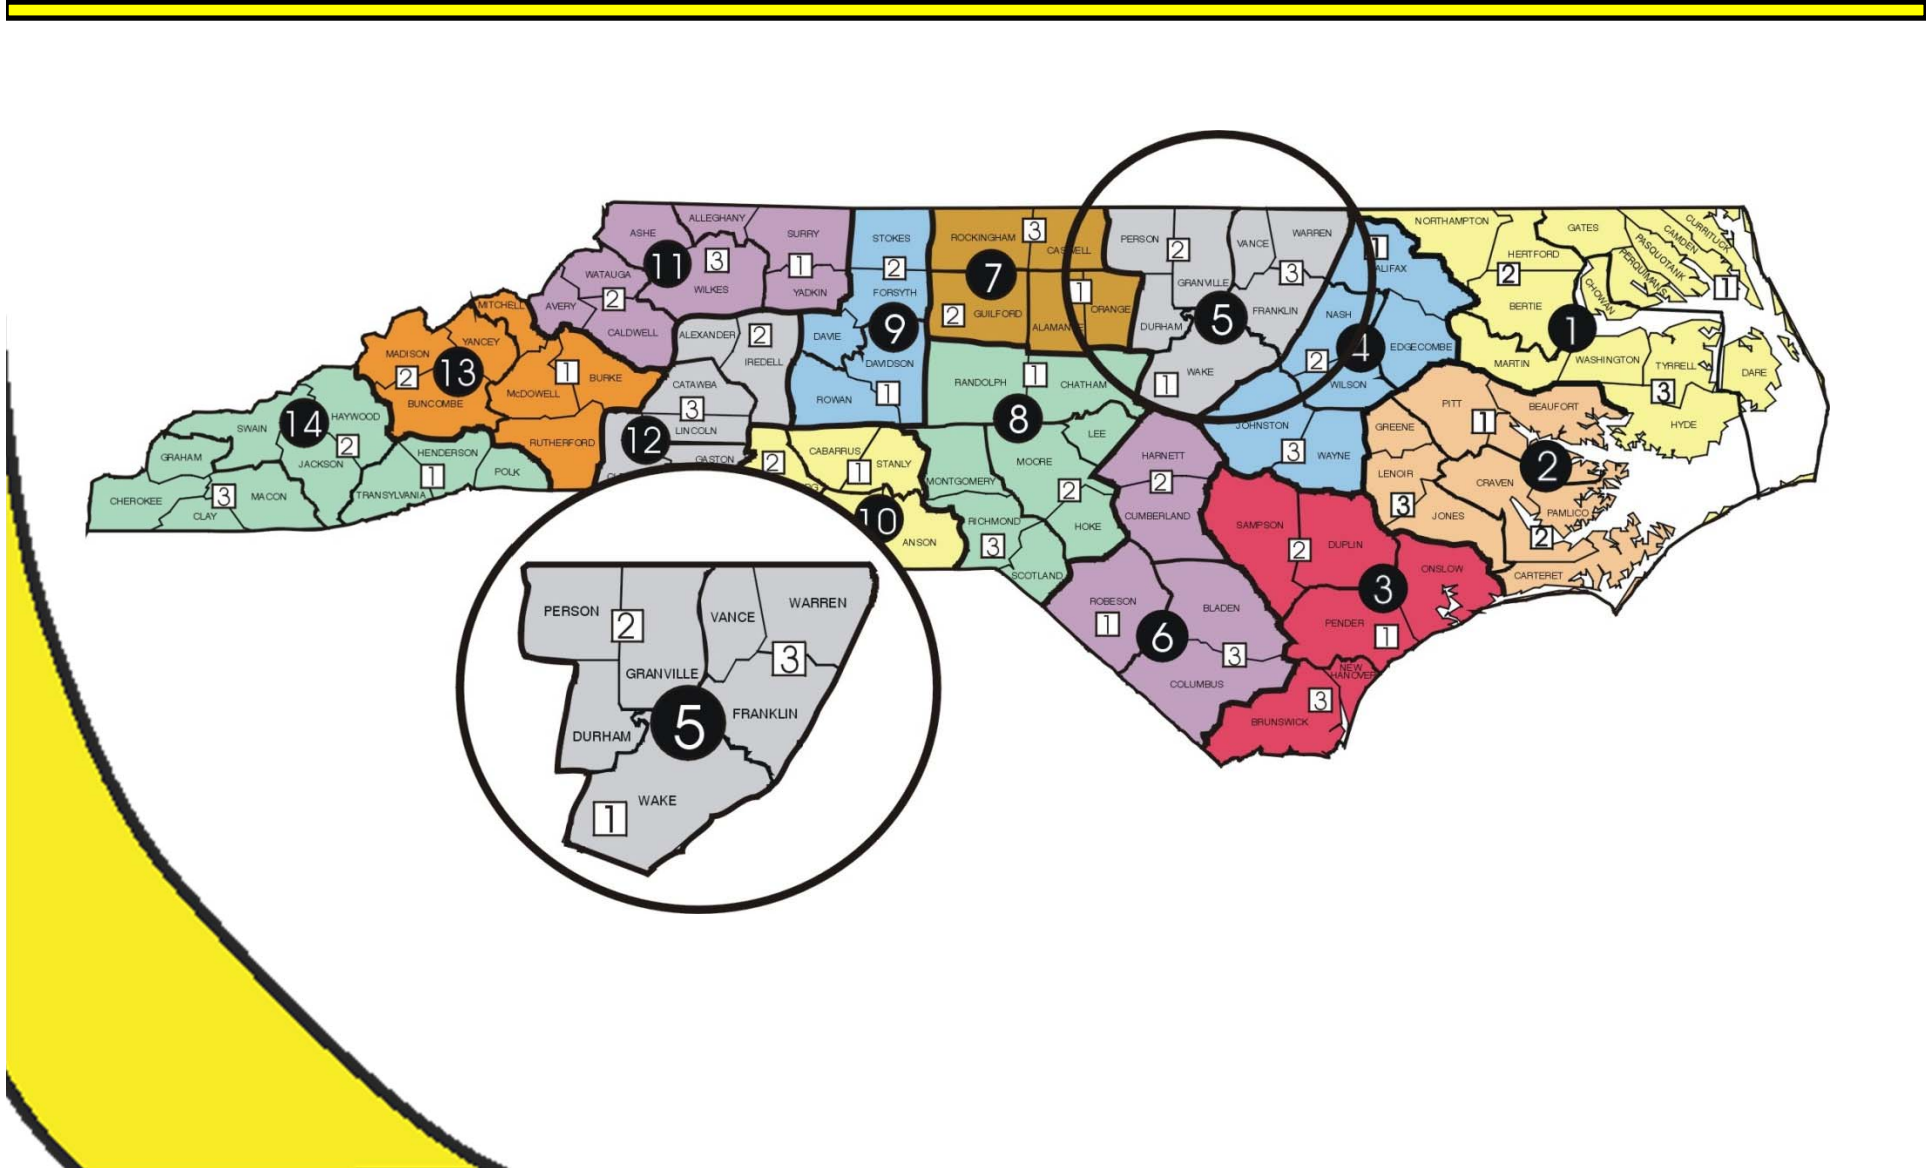

- 79,578 road miles
- 163,176 paved lane miles
- 4,251 miles of unpaved roads
- 18,048 structures
- 95.1 M sf bridge deck area

All NCDOT Maintained

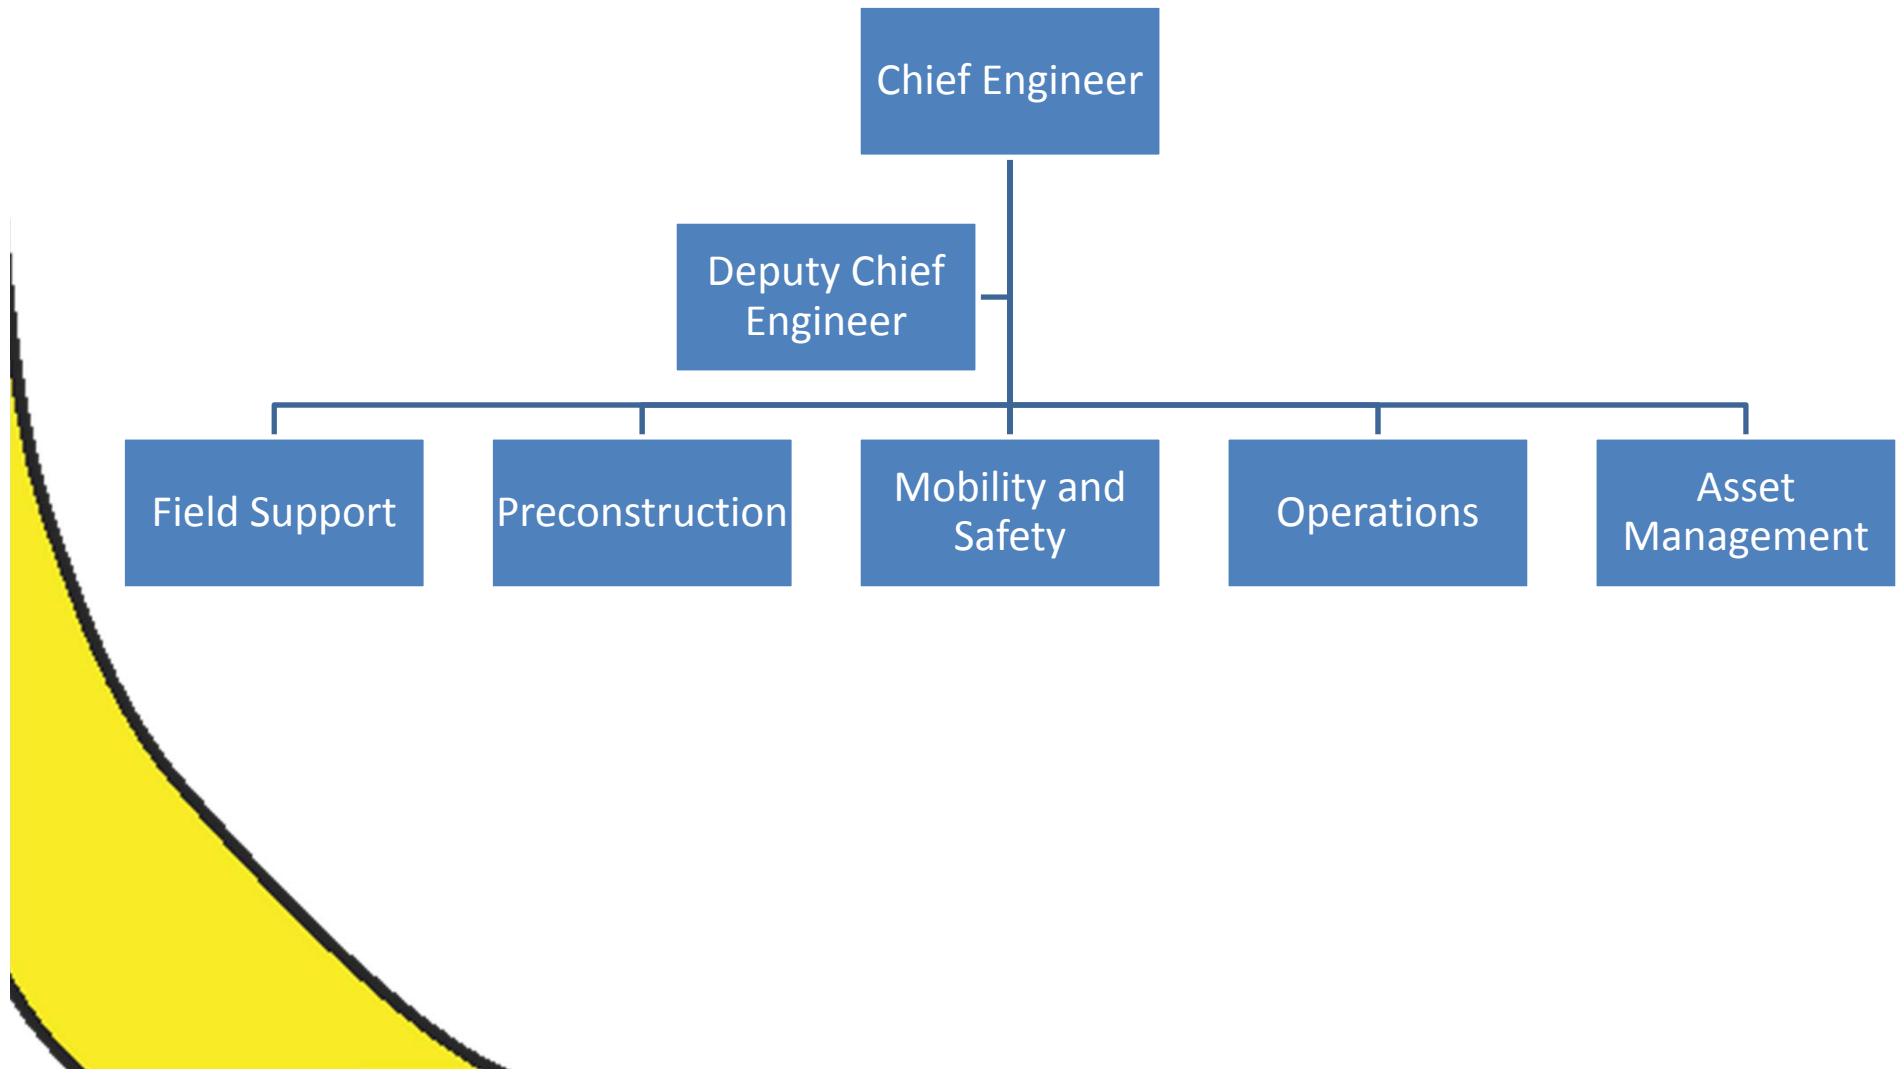

79,578 Road Miles

NCDOT Field Organization

NCDOT Central Organization

NCDOT Central Organization

- Asset Management Division
 - Fleet and Materials Management
 - Management Systems and Assessments
 - Pavement Management
 - State Maintenance Operations
- Purpose
 - Assist Central HQ in the oversight and implementation of statewide programs
 - Provide technical support for the 14 divisions in their daily operations
 - Guide the Agency in the implementation of asset management principles

25%

State Funding

Federal Funding

Motor Fuel Tax 92%

Fees 8%

Strategic Transportation Framework

40% of Funds = \$6B

30% of Funds = \$4.5B

30% of Funds = \$4.5B

Estimated \$15B in Funds for SFY 2016-2025

Statewide Mobility

Focus → Address Significant Congestion and Bottlenecks

Eligible Projects

- Statewide type Projects (such as Interstates)
- Selection based on 100% Data
- Projects Programmed prior to Local Input Ranking

Regional Impact

Focus → Improve Connectivity within Regions

Eligible Projects

- Projects Not Selected in Statewide Mobility Category
- Regional Projects
- Selection based on 70% Data & 30% Local Input
- Funding based on population within Region

Division Needs

Focus → Address Local Needs

Eligible Projects

- Projects Not Selected in Statewide or Regional Categories
- Division Projects
- Selection based on 50% Data & 50% Local Input
- Funding based on equal share for each Division = ~\$32M per yr.

Outline

Assessing the Yellow Brick Road

Counting the Bricks

Inventory

- Pavements
- Bridges

Survey

- Roadside appurtenances
- Safety features
- Drainage elements

One...Two...Three...

Measuring Performance

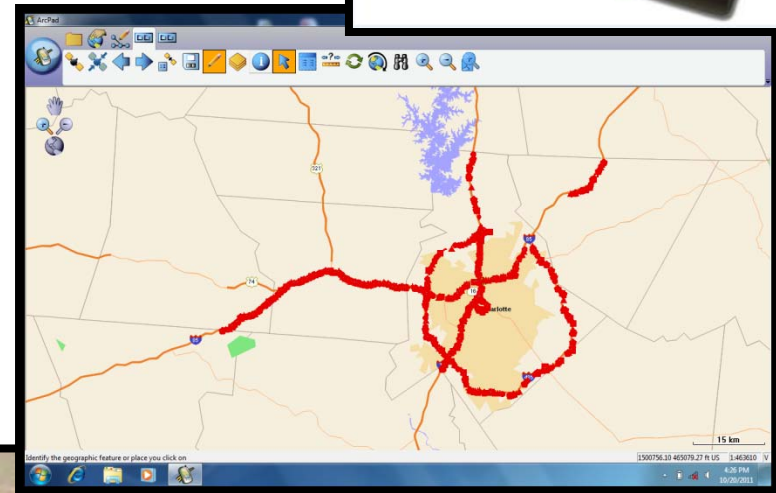

What We Don't Measure

- Mowing
- Litter
- Fences
- Incident Response
- Snow & Ice

Technology

- Mobile data collection
- GIS enabled database
- Handheld devices
- ArcMap routing
- Cameras

Outline

Managing the Yellow Brick Road

Reporting The Data (Scorecards)

- Statewide for all three systems
- Division level for interstate
- County level for primary and secondary
- Produced by the maintenance management system

2013 / 2014 SCORING PERFORMANCE MEASURES

Comparative Analysis of Strategies

Managing all the “Roads”

(Highway Fund)

Managing the Yellow Brick Road

Needs-Based Maintenance Allocations

- 100% needs based methodology
- Replaced inventory based method
- Determined funds needed to achieve target LOS or provide routine services
- 3 categories of needs:
 - Assessed
 - Non-assessed
 - Emergency & administration

Impacts of Needs-Based Budgeting

Purpose of Maintenance Allocation Changes

- Data driven decision making
- Targeted Levels of Service
- Better accountability
- Most efficient use of maintenance funds
- Shift resources to better serve the public need

Lessons Learned

- Analysis tools are good
- Shifted funds between areas in some unexpected ways
- Decision trees need to be “tweaked”
- Need to better account for administrative costs
- Like software, this is an iterative process

Accountability (Executive Level)

- High level outcome based performance measures
- Indicators of agency success
- Established annually
 - Tracked/reported quarterly

**NORTH CAROLINA DEPARTMENT OF TRANSPORTATION
EXECUTIVE PERFORMANCE METRICS
Fourth Quarter Results for State Fiscal Year 2013**

NCDOT Goal	#	Performance Measure	SFY 12 Result	SFY 13 Target	SFY 13 Result (as of 06/30/13)	Trend
Make our transportation network safer	1.1	Statewide network crash rate ¹	230	234 or less	237	●
	1.2	Percentage of surveyed North Carolina drivers using a safety belt ²	88.7%	90.0% or greater	88.6%	●
Make our transportation network move people and goods more efficiently	2.1	Average statewide accident clearance time	61 min.	70 min. or less	62 minutes	●
	2.2	Travel time index for surveyed interstates ⁵	0.98	1.04 or less	0.98	●
	2.3	Percentage of planned ferry runs completed as scheduled	97%	95.0% or greater	97.3%	●
	2.4	Percentage of planned passenger trains arriving on schedule (Carolinian and Piedmont only)	58%	80% or greater	59%	●
	2.5	Percentage change in public transit ridership ⁷	5%	+5% or greater	1%	●
	2.6	Percentage change in Ports Authority cargo movements (bulk and breakbulk cargo only) ⁷	New Measure ⁴	+5% or greater	10%	●
Make our infrastructure last longer	3.1	Percentage of bridges rated in good condition ⁶	66.2%	65.0% or greater	64.9%	●
	3.2	Percentage of pavement miles rated in good condition ²	68.9%	70.0% or greater	68.7%	●
	3.3	Average highway feature condition scores (excluding pavement and bridges) ²	89.7	84 or greater	89.7	●
	3.4	Average rest area condition scores	97	90 or greater	95	●
Make our organization a place that works well	4.1	Percentage of work program projects on schedule ³	75%	85% or greater	76.1%	●
		A. Percentage of centrally managed STIP projects let on schedule			84%	●
		B. Percentage of division managed STIP projects let on schedule			72%	●
		C. Percentage of municipal and locally managed STIP projects let on schedule			70%	●
	4.2	Percentage of division-managed non-STIP projects on schedule	New Measure ⁴	65% or greater	71.2%	●
	4.3	Percentage of construction projects completed on schedule	85%	85% or greater	88.7%	●
	4.4	Total budget overrun for completed construction projects	-2%	5% or less	-1.7%	●
	4.5	Percentage of NCDOT's total budget expended on external goods, materials, services, debt and transfers	New Measure ⁴	80% or greater	84%	●
	4.6	Percentage of the overall budget for administrative costs	5.5%	7.6% or less	5.3%	●
	4.7	Percentage of the total program budget paid to minority- and women-owned businesses	12.3%	10.7% or greater	13.5%	●
4.8	Average customer wait time at DMV facilities that track transactions	25 min.	24 min. or less	Results Unavailable	N/A	
4.9	Average statewide environmental compliance score on construction and maintenance projects	8.7	7.5 or greater	8.7	●	
4.10	Percentage of surveyed customers satisfied with transportation services in North Carolina ²	New Measure ⁴	75% or greater	Results Unavailable	N/A	
Make our organization a great place to work	5.1	Percentage of employees retained after three years	New Measure ⁴	90% or greater	98.1%	●
	5.2	Employee safety index	4.84	6.16 or less	4.27	●

¹ The crash rate is measured by dividing the crash count and fatality count by 100 million vehicle miles traveled.
² The performance measure and result are based on a standing survey or periodic assessment and not based on the state fiscal year; therefore it's considered "static" and is assumed to have no change since the most recent result was published. Current NCDOT systems only track the result annually or biannually.
³ The result only evaluates STIP projects that are on the Work Program delivery list downloaded from the project schedule management tool (STaRS) on July 1, 2012. Performance results are adjusted to include projects that are added or advanced in the program.
⁴ The performance measure was first introduced this fiscal year and not tracked in prior years on the Performance Scorecard.
⁵ The result is a 12 month moving average (July 2012 - June 2013) and excludes the hours of 10:00 pm to 6:00 am.
⁶ The result is an actual summary of active bridge condition ratings as of July 2, 2013.
⁷ The percentage change is compared to the quarterly results one year prior.

● Trend is positive and shows an improvement or no change since previously reported result and meets expectation
 ● Trend is negative but still meets expectations or shows some improvement but still does not meet expectations
 ● Trend is negative and shows no improvement or has become worse since previously reported result

Meeting or Exceeding Annual Target
 Within 5% of Meeting Annual Target
 Not Meeting Annual Target

Accountability (Legislative Reporting)

- New and improved
- Broader scope
- Move operations forward

Traveling to Oz...

- Plotting a course
 - Unconstrained funding
 - Credibility with Legislature/leadership
 - Develop meaningful annual maintenance plans
 - Performance driven
 - Funding necessary to achieve a desired LOS
