

**Monday January 12, 2004**

10:15am-12:00pm	251	<a href="#">Practical Applications of Load Resistance Factor Design for Foundation and Earth Retaining System Design and Construction</a>	A2K03, A2K05	Marriott
-----------------	-----	---	--------------	----------

**Tuesday January 13, 2004**

8:00am- 9:45am	414	<a href="#">Intelligent Compaction System</a>	A2K02, A2K03	Shoreham
----------------	-----	---	--------------	----------

10:15am-12:00pm	453	<a href="#">Condition Assessment of Buried Metal Tensioned Elements</a>	A2L03, A2K03	Marriott
-----------------	-----	---	--------------	----------

1:30pm- 3:15pm	481	<a href="#">Recent Experiences and Advancements in US and Abroad on the Use of Auger Cast-in-Place Piles, Part 1 (Part 2, Session 522)</a>	A2K03	Marriott
----------------	-----	--	-------	----------

3:45pm- 5:30pm	522	<a href="#">Recent Experiences and Advancements in US and Abroad on the Use of Auger Cast-in-Place Piles, Part 2 (Part 1, Session 481)</a>	A2K03	Marriott
----------------	-----	--	-------	----------

**Wednesday January 14, 2004**

4:30pm- 6:00pm	716	<a href="#">Modeling of Bridge and Foundation Response to Lateral Loading</a>	A2K03	Marriott
----------------	-----	---	-------	----------

**Thursday January 15, 2004**

8:00am- 9:45am	802	<a href="#">Advances in Real Time Geo-Instrumentation, Part 1 (Part 2, Session 824)</a>	A2K03, A2K01	Marriott
----------------	-----	---	--------------	----------

10:15am-12:00pm	824	<a href="#">Advances in Real Time Geo-Instrumentation, Part 2 (Part 1, Session 802)</a>	A2K03, A2K01	Marriott
-----------------	-----	---	--------------	----------
